

# Eli Ambris Andreano

Master Model Builder & Artist  
Mexico

## About

He is a Mexican architect, founder of **INDUSTRIAL**, a workshop for the design and manufacture of architectural models. He studied architecture at the **technology university of Mexico**. He has participated in national and international projects with different architectural firms such as **Rojkind Arquitectos**, **FR-EE (Fernando Romero Enterprise)**, **LBR&A (Benjamin Romano)**, **Gabriela Carrillo Workshop**. Passionate about the architectural representation at scale, he feels looking to innovate.
